

Adele Ingraham

September 26, 1926 - June 2, 2019

Adele Ingraham was born Una Adele Webster to Parents John Webster and Una Williams Herbert in Tampa, Florida on September 20, 1926. She moved to New York in approximately 1947 to work for the old Western Union Telegraph Co. It was there that she also became quite an accomplished dancer and met the love of her life, her future husband, Larry in the late 1950s. They married in 1959 and moved to CA in 1960 - first to El Cerrito and to their brand new Southampton home in Benicia in 1974.

Larry and Adele loved their life in Benicia. While Larry traveled as a ship captain, Adele kept busy as a world class knitter and seamstress. She also had a special love for the numerous saluki dogs she and Larry owned over the years. Both were active members of the Benicia Yacht Club where they enjoyed spending time with their friends until Larry's passing in 2016.

Adele leaves was preceded in death by her brother John and niece, Jill. She is survived by her niece, Mary of Georgia, nephew, Jack of Tampa and great-nephews Brian of Marin County and Richard.

Before her passing, Adele was very appreciative for the loving, round the clock care she received from Imelda Favenir and Jinky Peterson, the attentive support and assistance from Mark and Lisa Mallder, Angie and all the staff at Reep and Mitchell LLP, and her friend, Steve Gizzi, and especially for the love and attention from her best friend, Gloria Lambousy.

At her insistence, no services will be held.

Comments

“ Apparently she did much good work in silence, without expecting a tribute. Afghan Hound Rescue of Northern California received a generous and much needed gift. If any of her friends or relatives know why we have been so blessed, please let us know. What a lovely lady.

“ Adele was the one who quilted many squares of Benicia history for a quilt that was done for the country's bicentennial. She did a beautiful job and this quilt hangs with pride at the Benicia Historical Museum. The squares were designed by Lorraine Patten and all the squares were sewn by many women who wanted to be a part of history.

Beverly Phelan

p.s. When I give tours at the museum, her ears should have been ringing, as I talk about that quilt on every tour. It is loved by many who see it!
