“ I loved Doodie! Here is why: Summer, 1948 I moved from Southern California to Benicia to live with my Dad and his family. I had just finished my freshman year at Huntington Park High School, suburb of Los Angeles. And one of the first BHS students I met was Doodie and we became life time friends. Though, I lived in Benicia only three and a half years, before moving back to LA, those years spent in Benicia, were some of the best of my life! And Doodie was one of the reasons. Generally, in High School is when ‘boy meets girl(s) and vice-versa. And, over the years, talking with friends, you eventually talk about your High School years. And you talk about highlights. I tell them mine were sports, cars and girls. (Not necessarily in that order.) Regarding girls, I tell them that the boys lived in the ‘Highlands’ and the girls lived in ‘West Manor.’ And when we went to visit West Manor our destination was always the Smith home. Besides the Smith girls, there was Barbara Craddick, Marian Ward, Marilyn Humbert and others. (I know there were the Miller girls in the Highlands.) At Doodie’s retirement party held at the Benicia Yacht Club one of guys said he dated a Smith girl and when he came to the Smith home for the first time her dad (retired Ford Smith, famous heavy weight boxer) said he wanted to show him his boxing trophies. In the trophy room he said Ford wanted to show him some boxing moves. “Here is an extra set of gloves. I won’t hurt you.” After the demonstration he said he wanted his daughter home by 10:30pm. He had her home by 9:30pm! Lastly, “Thank you Holy God for loving us and may you bless and comfort Doodie’s family including her children, grandchildren and great grandchildren for I ask this in your son’s name, Jesus. Amen.”

“ Some of my happiest memories have Doodie in them. We have been close friends and classmates for a long time - but our happiest moments were shared as the Fab 6 Group! We wandered here and there each year and had a blast. It is hard to let her go from this life, but her illness was no fun - so on to the next adventure!!! A great reunion is taking place right now. God speed Doodie and we will always remember you lovingly.

“ Doodie was one of a kind-actually all four of the sisters were one of a kind, and they always had each others back. In the time period when we grew up there were a number of sisters and brothers who went to school at the same time. There were the "Smith Sisters", Kilby sisters, Miller sisters, Price sisters, Ward sisters, along with the English boys, Mortensen boys, Jeha boys, Cardenas boys etc. My sister ran around with Doodie in school and I ran around with Nina Lou. After High School Nina Lou married and left town, but Doodie married Ken McConlogue and we all ran around together, partying, boating, and raising our children. All of us had boats and spent many years boating in the Delta with Ken and Doodie, Al and Betty Neblett, Jesse and Marion Cook, Tom and Dene Gaines, Norm and Ruth Petersen and Bill and Nina Lou Francis, among others. Doodie always called Jim her brother that she never had. When you were around the Smith Sisters "things happened"-there was always laughter and some kind of prank being played on someone. One of the more outstanding things the Smith sisters were known for was "The Smith Sandwich." When you met Doodie,you immediately became her friend. I don't believe in all the years I knew her she ever said an unkind word about anyone. She was a classy lady, a dear friend, a loving mother and this earth is not quite as bright with her passing, however the heavens have one more bright star. Doodie I will always miss you -Jim and I loved you a lot.

“ I can remember numerous time that Grand ma doodie would tell me all her bag lady stories how she would dance on the tables to get the party started. She was a huge impact on my life i want to be just like her when i get older. I heard she was putting her lipstick on while she was in the hospital :) It definitely didn't surprise me. She sure loved her big jewelry, I could see grandma shining all the way from her balcony watching my brother shane and I play down in the field by her house. I truly miss you so much love you see you when i get there give aunt Terry a big kiss and grand pa as well!
