“ Nadine and I met through the Red Hat Society here in Brookings. We became good friends over the years and enjoyed many card games together. Fun times, with laughter and goodies to eat.

Nadine was always so cheerful, loving and full of life. I will miss our times together.

As she was sharing a story with us she would say, "To make a long story short"...
Well Nadine, your life was much too short.

I will miss your loving personality my dear friend.

Love, Sallie
