“ Miss Tina, or "My Tina" as our son Jakob has always called her, was one of the most special people I have ever met. You could always count on her smile, positive attitude and love. I feel blessed to have called her my friend and so fortunate that my children got to spend so much time with her and experience her love. She was more than a "babysitter," she was our family and the hole that is left without her is huge. We were the lucky ones for knowing you My Tina and you will not be forgotten.
