“ *When I worked as a classroom aide at Robert Semple during the 1970's and early 1980's, I would walk to the school through the third street pedestrian tunnel from our home on East O Street. I would see Betty in the morning on my way to school and on the way home after my three hour day was finished. She was always friendly and had a cheerful greeting. She also cared very much for the students who passed by her on a daily basis. My condolences to her family.*
