

Cathy Ann Phillips

September 25, 1963 - July 6, 2025

Cathy Ann Phillips passed away peacefully on July 6, 2025, in Vallejo, California, at the age of 62. Born on September 25, 1963, in Council Bluffs, Iowa, Cathy built a life defined by kindness, compassion, and an unwavering dedication to helping others.

For over 30 years, Cathy worked as a safety consultant in the health care industry, where she was deeply respected for her knowledge, integrity, and commitment to protecting the wellbeing of others. Outside of work, she led a vibrant and adventurous life—she loved scuba diving, camping, and traveling to new places. Her favorite moments, though, were those spent with her family, especially her grandchildren and great grandchildren, who brought her endless joy.

Cathy had a lifelong love for crime and ghost shows and was always ready to welcome others into her home. Her door—and her heart—were always open. She will be remembered for her warm smile, generous spirit, and the countless ways she supported and cared for the people around her.

She is survived by her loving husband, Mark Osgood; her daughters, Christy Elkinton (Justin) and Samantha Parodi (Dante); her son, Anthony Osgood; and her beloved grandchildren, Blake Patton, Jayden Elkinton, and Tyler Parodi. Cathy was also blessed with two great-grandchildren, Daisy and

Greyson. She leaves behind her brothers, Jim, Dan, and Paul, and many extended family members and friends. She was preceded in death by her brother, Matt Minor and mother Jane Minor.

Memorial services will be private.

“ I had the pleasure of working with Cathy at EORM and BSI for almost 9 years. Her technical expertise was always tempered with her care for the person she was working with. She touched colleagues and clients with her positive and enthusiastic approach to safety and finding solutions to any problem or obstacle that came our way. Cathy made the world a better place with her SIGNIFICANT contributions to emergency preparedness and injury prevention. She was a helper at heart and I loved hearing stories of her family and all of her friends, neighbors, coworkers, and community whom she treated like "family." Her smile and chuckle always made it a pleasure to talk about personal goings on or technical projects. Her entire team already misses her but we are so thankful for our time together and that she is no longer in pain.

“ Dear Mom,

Right now, I don't know how to do this. You've been my rock, my go-to person, my listening ear, and a shoulder to cry on. Your hugs and smile were infectious. I know I will get through this, but damnit, it sucks! It's not fair. Selfishly, I want more time, but I know you're not in pain anymore, and that's all I ever wanted for you.

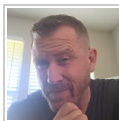

I love you so much, Mom, and will miss you dearly. I promise to keep your memories alive and tell the grandbabies all the stories about you! This is not goodbye; it's see ya later!

“ *My sincerest condolences to all of you. Cathy was one of the kindest people I know. I will always cherish the memories of camping and scuba diving with her and the scuba gang. But what I will always hold dear to my heart is the countless times we laughed. Rest in Peace*

“ Cathy,
When you started dating my Dad, you treated me like your son and always did. You were always there to listen and to give advice on life when I needed it. Thank you. Love you and I will miss you always.
