

Chris Michael Anderson

December 11, 1972 - October 19, 2024

Chris Michael Anderson was born on December 11th, 1972 to Don Charles Anderson and Lois Jaunetta Sundlie. He grew up and lived his whole life in the Bay Area where he fell in love with music.

Chris was a self-taught guitar player and talented musician. He was in the bands, Nueairea, 40 Grit, The Miserables, and Secrets of the Sky. He toured in Europe and The States, living out his dream to share his music with the world. His bandmates were his brothers. He was a business owner of 40 Grit Painting and always cared for his employees.

Chris always said his greatest accomplishment was his daughter. He was a father to Daneen Anderson and a Papa to Juniper and Nathan, a title he held so proudly. Chris has two sisters, Stormy Schaeffer and Robin Anderson. Chris has two nieces, Stormy's daughters, Wendy Harris and Misty Rains and a nephew, Robin's son, Robert (Tre) Mulder. He was engaged to his long time partner and love, Gina Kirksey (Driscoll). Chris cherished the time he spent with his family.

Chris brought laughter wherever he went and his laugh was contagious. He was affectionate and protective of his

loved ones. He loved being outdoors, especially at the beach but he also enjoyed relaxing at home watching movies and shows. He loved taking long drives with the windows down and was a classic car enthusiast. He had an extremely generous heart and would help anyone that needed it, even if he had nothing to give.

When Chris fell ill this year, he kept his smile through his battle. We are heartbroken to announce the passing of Chris Anderson, 51, on October 19th, 2024. He was cremated at Passalacqua Funeral Chapel in Benicia, California. There will be a celebration of life for Chris on Sunday, December 15th at Vinnie's Bar and Grill in Concord.

Details of his celebration and updates will be in the link to his Go Fund Me page. <https://gofund.me/7692abe8>
Chris was taken from us too soon. His memory will live on in the hearts of his loved ones and his music that he wrote and loved so much.
