“ I loved Courtney like a daughter. I have known her all her life.. she was a sweet sweet lovable girl and woman. We will miss her very much. I was best friends with her mother. We enjoyed doing alot of things with the whole family. I miss her so much already. She would bring her father over to visit us. We would go to see them and have movie nights. She was such a comfort to me. I know Ben and his family will miss her tremendously. She took such good photos and shared them with us. I had told her see was getting as good as her dad. She always said oh no dad was a professional! She was so much fun to be around. A big part of our life has been taken away from us. She is now with mom ,dad and the Lord.

“ I remember the first time I met Coco in California. She welcome me with open arms to become apart of the long term Sister Circle of California friends that grew to become great women. I will miss her, her funny stories, and the fun photos she took with her stuffed monsters. I know you have your Angel Wings.  
Love you forever more.
