“ *I knew Danette since elementary school at North Hills Christian. She was a good friend. I still remember her house phone number. I used to call her all the time as kids when you had to talk to the parents before she got on the phone. We connected again somehow after many years when we got our own places. Had some fun times dancing, eating and just fellowshipping. Just found out today about this and am saddened, but rest in peace to you beautiful ❤️*

“ *Danette will be missed very much, she was my sons aunt, a great friend and mentor to me. She pushed me to be better in my professional career and in life general. I think of her often and miss the times we had. I pray for her family every day and know that she is in a better place!*

Love you D!!!

“ I met Danette freshman year in high school. From that day till now we have remained really good friends. She was involved with my son from an early age and was always a pleasure to be around. We are going to miss her so much but God has a new angel. You're always in my heart in Danette

“ Danette was one of the most awesome individuals i will ever meet in my life...i was blessed to have worked with her, played softball with her, and hung out with her for Sunday football... Though, i was only blessed with her in my life for a short time...i learned she was a fighter on and off the bench...she was a strong-willed, classy woman who was extremely successful at a young age and continued to excel, even after her life was rudely interrupted...she will always be remembered...rest in paradise d
