“ When Darla worked at the gift shop at Kaiser in Vallejo she was one of my hardest working employees. I thought about her often after changing locations and always wondered about how she was doing. I randomly googled her and came across her obituary. It saddens me that she is gone from this earth, but she will live in our hearts forever. ❤️

“ Well, cousin - we hadn't seen much of each other these last few years, but we thought of you often and are certainly thinking of your mom, dad, and brother these days. You were such a wonderful person, and certainly will be missed.

“ I was sitting outside last night, looking at a blanket of stars in a remarkable night sky and thinking of Darla. In that moment, it occurred to me - maybe these are not stars, but rather openings in Heaven where the love of our lost ones pours through and shines down upon us to let us know they are happy and will always light our way. Oh, how I hope so.

We need a world full of Darla's. A beautiful soul who shared her boundless positivity, illuminating our paths with joy. Her gentle and kind spirit brought light and happiness to all who were fortunate enough to be in her orbit. As I looked at the stars I thought, she was a celestial body unto herself, brightening the universe with her very being.

I am so lucky to have known her, and so sad that she had to leave us. Thank you for your friendship Darla.

“ Went to school with Darla since Robert Semple Elementary, she was a year behind me but had always been the sweetest person. Always kind to everyone. She helped us with the last multi year class reunion a few years ago. She will be missed.

“ I am So sorry to hear of the lost of someone so special who has held a very special place in my heart for so many years. One of the many special memories that sticks out the most is when I went to Kaiser and then would stop by the gift I shop and see that beautiful smile and the beautiful welcome. She gave unconditional warmth and love to so many people. She will be greatly missed. My thoughts and prayers go out the The Cady , Saitz, and Rahill family with love and hugs. Ranea

I knew Darla from Beachcomber's Games Night. I don't know how many years we knew each other, but enough so I don't know how I'm going to attend games night without Darla being there. She was always fun, and, oh, those chocolate chip cookies!
