“ *Donna was a special friend to me and will always be remembered as such. She was always laughing and had a zest for life. Camping will always be a remembrance of her for me and how much fun we had together doing goofy things and I do mean goofy. We had a ball and before she passed we talked allot about the things we have done. I will miss her terribly and her memory will always be close at hand with me.*

“ *Laura your mother was so special to me, she made me feel loved, and apart of the family. She had the best sense of humor and loved to laugh. My favorite memory of her would have to be how deeply she loved and cared for you Laura. Your mother has always stood out to me as the example of how a mother should be. I know I did not spend that much time with you and your family, as I moved away in 83', however she has always been that shining example of motherhood in my life. She will be dearly missed, and always remembered in my heart. I will always strive to measure up to her loving example of a true mommy. All my love to you my dear friend in your time of mourning.*
