“ Fred means so much to so many. For me, he was the epitome of the professional and ethical Realtor. He knew his business and he also knew his business decisions and his practice of his profession had deep and lasting impact on his clients and community. Fred taught new Realtors by his quiet example and I speak for many when I say we try to emulate him. My heart goes out to Dear Fran and the rest of his family. He blessed us all and we will cherish his memory.

“ I met Fred in 2010. The year I joined the Benicia Kiwanis Club. Fred embraced this newcomer to Benicia. Throughout the years we shared laughter, family stories, attended Kiwanis social events and community service activities. Fred and Fran hosted several club meetings at their home. We would sip wine and enjoy food around their backyard swimming pool. Fred would show off his vegetable garden, and a few of us would visit his wine cellar. On a few occasions I attended Taco Tuesday at Bottom of the Fifth with Fred and his friends. Great guys all. Fred shared his wisdom. His knowledge of wine. His home to our Kiwanis Club. I know Fred knew how much love and respect I had for him as I told him more than once. I will miss his smile and his sense of humor. However, I feel blessed knowing his memory lives on. We now have a great man in heaven looking over us.

“ Fred and I go way back. First as client, customer then soon as friends and fellow Kiwanians. Fred was such an enjoyable soul. We could chat about serious subjects or the weather. We could plan events and talk about each others work. I always learned something speaking with Fred. I will miss a visit and a glass of wine along with his great smile and laughter. God bless you my friend. I along with a long list of citizens of Benicia will sing your praises for many years. You are burned into my memories.
