“ *I first met Jack at the GoodGuys West Coast Nationals in August of 2011. I was new to the Benicia Herald, and since I was already planning on attending that car show, I asked the show's producers if any of the participants were from Benicia. They told me about Jack and his '49 GMC pickup.*

I managed to track him down, and he was more than happy to tell me about Old Red... in detail! I think we must have talked for about 2 hours. Jack and Old Red were the subjects of one of the first stories I wrote for the paper, and still one of my most memorable.

After that I would run into Jack and Old Red occasionally at car shows. It was always fun to stop and talk to him. His presence will be missed.
