“ I sat behind Marvin in 12th grade English. I would sing to him and he would just laugh at me. I have a terrible singing voice and I would tease him. I used to see him when he worked at Grand Auto. He was a special man. Prayers for comfort for his family and friends.

“ Dear Cheri and Bud. Sending love and condolences to you and the family. Marvin was such a loving, sincere and caring man who will be sadly missed. Living next door to you on Carlson Blvd in El Cerrito brings me such fond memories of your entire family. Fun times playing around in the front yard, looking up to Marvin as a big brother, who contributed to who I grew up to be. Warmest regards, Kathy Kibby (Farrar)
