“ *Once you knew Maxine, there was absolutely no way in hell you could ever forget her. Bless that woman, she worked tirelessly at Cliff's keeping all of us idiots in line. Truly, I can't think of one person who did not love that woman, tough as she was. So sad to hear she passed on.*

“ I was little when Maxine entered my life I was very blessed to have her, She along with with the family were not just friends but family. We shared many things meals, trips to coast and many other events. If my mother was she would be saddened for her it would be like losing a sister. Although we will miss you deeply you will remain in our heart forever. We love you and am sorry I didn't make it home to make that dinner date we talked about just a few weeks ago but when we meet again I promise I will make it up to you Love and miss you Mark Smith

“ *Maxine was the one person who made me feel welcome when I first came to Benicia in 79. She was caring , kind, real and honest. She stood strong when adversity tried to break her and never let the tough times take her down. An amazing woman and an inspiration to us all. I will be forever grateful to have known her and had her as a friend. You will be missed Maxine, rest in peace.*

“ *Mama Maxi
You would understand when I say I would give up my soul to spend one more day with you. I know you would understand when Mark got cancer in his lungs this time. I always thought there would be more time. I know Peg was waiting for your arrival. Rest your weary head now. My deepest condolences to the very large extended Compton family. I love you all.

“ *Mama Maxi*

I know you understand, when I say I would give my soul to have one more day with you. But as luck goes cancer got Mark the second time. You have taken me in since the day my mother died. Always told me I still had a mom. I'm sure Peg was waiting for you, when you arrived. Thank You for everything you have done for me. Including love ,comfort and advise. My deepest condolences to the very large extended Compton Family. I will always love you all.
