“ Ah, Nick, gone two years plus, and I just found out.

*March 3, 1975, 716-718 Market Street, San Francisco, and the new guy rolls into your office at 7:45AM,, feeling lucky he found the place. First things first, we went down the street for coffee, discovered our mutual roots in Seattle, and I forgave you for being a Lincoln High guy (not everyone could go to Queen Anne). Back to office and you threw me to the wolves for 60 days and I loved it. You even invited me up to your place in Benicia on a Saturday, admired the retaining wall you built from timbers salvaged from the waterfront, met your wife and your friendly and very large Newfoundland. Oh, by the way, that first day, you introduced me to your staff, one of whom I would marry in 1981; we're still an "item".. You and I bumped into each other again in the summer of 1976 in Oakland, then lost track of each other until this evening.*

*Too old, I think, to share tears for the good ones who have preceded me, my friend, but If I did, it would be for you. Godspeed, Nick.*

“ Uncle Nic loved the water and mountains which he enjoyed in Benicia and Truckee. My sister Karen and I have fond memories of summer vacations to Truckee and Benicia. As swimmers, we loved all of the water adventures Nic would take our family on: boating (picture in photo album on this website), trips to the cabin in truckee overlooking Donner Lake, and San Juan Islands. A few of our favorite memories are of the challenge to see who could stay in the ice cold mountain water at Donner Lake the longest, eating at the local café and hearing Nic’s stories, playing with Nic and his beloved Newfoundland dogs, and making homemade sausage. I remember fondly the twinkle in his eye when Nic would talk about the next adventure we were going on, you always knew it would be full of laughter, fun, and uniqueness. We will miss your fun and kind hearted spirit! Steve, Margaret, Helene, and Karen Wieting

“ Thinking about Nick's cabin with it's amazing view of Donner Lake; remembering cleaning bricks from the Benicia Arsenal for his patio on West L; lots of projects at our home or Grass Valley cabin where brute strength was needed and Nick was always willing as long as a cold beer was waiting; he helped place the main beam at the Grass Valley log cabin and helped erect a telephone pole (future tree house for our kids) on Bonita Bahia....such teamwork and lots of laughs while doing the job; can see him running up West 13th; helped haul MANY timbers from the Benicia dock (all free) for his deck and our fence; freely loaned his 3/4 ton pick-up truck; and the consumption of lots of beer wherever we were working. A good man and a good friend. Rest in peace.
