“ *Mickie will be missed by her friends in the neighborhood preservation field. I have fond memories of her while she was President of the California Code Enforcement Council and through other organizations which helped update communities and eliminate poor living conditions for people. She was serious when she had to be and jovial most of the time. I consider her a close friend with a high degree of integrity and purpose in life, and can only imagine the loss Larry and the rest of the family feel for this grand lady.*

*Until we meet again- goodbye!*
