“ *Ramona Olivo was my aunt. She was very generous to all, and she was active in her church. She was a model to her family. We will all miss her.*

“ *I happened to look up her name...and was saddened to learn of her passing away about two (2) years ago. I regret that we losed track of each other through the years. I met Ramona while she was attending college in Los Angeles. She attended the church where my brother was the minister. She lived in Catalina Island but she and her Mom lived in L.A. while attending college. Her Dad stayed behind due to his exclusive job with one of the utility companies. She and I were like sisters -- last time I visit her was when she moved to northern California (quite some years ago). My love and condolences to her family members, though it is much after the fact, my prayers will be with each one of you. All my Love, Natalie Delgado Bye*
