“ Dear Rosie,  
Thank you for bringing joy, laughter, and a love of learning to children, parents, and all the people that counted you as a dear friend. Our memories of you will be treasured and held close to our hearts.

*I'm sure that you didn't realize the number of people that would feel a deep sadness that your smile is just a memory. We regret that we didn't have one more moment to thank you for making our lives richer in so many ways.*

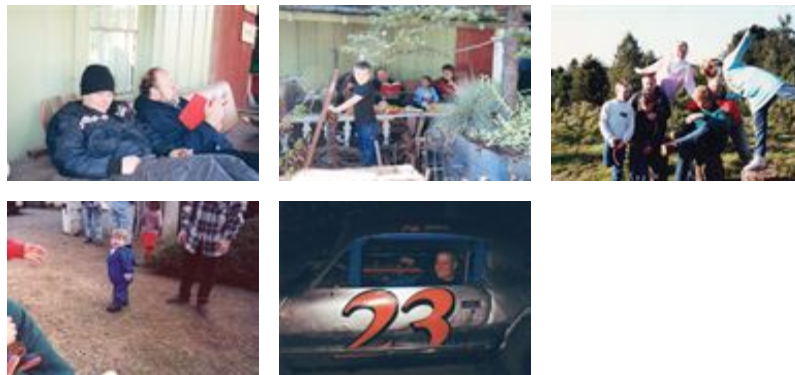

*May our thoughts and prayers bring comfort to your friends and family.*

“ I was saddened to hear of the sudden and premature death of Rosie. I remember her from my first days as a psychologist in Benicia when she was a dedicated and respected teacher at Mills, and in her subsequent tenure at Semple and Henderson. I would like to offer deep condolences to Alan and the family and to all who knew her and valued her for her devotion to the wellbeing of students.

“ I have known Rosie since our high school days, and Al for many years before that. One of my fondest memories is from their wedding day. There is a picture of them coming out of the church where everyone is throwing rice. The picture is of my Dad throwing a whole bag of rice at them. And even now as I write I have a smile thinking of it, and I can hear Rosie's infectious laugh in my memories as we had reminisced about it in the past.
