Dear Mr. and Mrs. Adhya,

I am so sorry to hear of your daughter's passing. I graduated ASH in Mike's class but knew them both. Linda and I were Belshaw camp counselors together. You raised such wonderful children, who touched many lives and will never be forgotten.

Sending you love and strength,

“ I had the great honor of meeting Dr. Adhya as a patient last year at Kaiser. She was so very compassionate and caring to me during a very frightening time in my life. Her commitment to her career was so indelible that one year later, I still remember her smile as she walked in the room and assured me everything would be alright. I am so saddened by her passing. My thoughts and prayers go out to her family and dear friends during this unimaginably difficult time, and to everyone whose paths she crossed as she did mine. Peace and blessings, Christine

Hi Christine, this is so heartwarming for me to hear. I know she loved those she was able to help so much, and she cared very deeply about making a difference in women's health. She is a loss for myself and the family but also for the community and the world! She had so much love, knowledge and commitment to share. With much love,

-Chris
